The perfect country cottage for a weekend getaway or to embrace a simple life on a secluded lane just steps from Manitu Beach and vibrant Rolling Bay center. This is Bainbridge Is. as it was 50 years ago, serene and contemplative. Stroll out to the studio as dappled morning sunshine bathes the deck and gardens. Sea birds chatter a welcome as you sip the day's first cup of coffee and wonder how you got so lucky to live in such a special place.
